PROFILE

A recent graduate in Computer Engineering from UPN Veteran East Java in 2025 with a GPA of 3.92, I have a strong interest in pursuing a career in Front End Development. I possess a solid understanding of information technology, software development, and UI/UX. Adept at collaborating with diverse teams and facilitating effective communication to achieve project success. Quickly adapt to evolving technologies and apply analytical insights to design efficient solutions. Committed to contributing to the development of innovative and integrated systems as a skilled systems analyst. Additionally, skilled in software testing and systems analysis.

WORK & PROJECT EXPERIENCE

Prototype Design of Employee App Application at PT. BANK X (Internship)

(Jan-Feb 2023)

Faculty of Engineering UPN Veteran East Jawa

- Creating UI/UX designs using Figma.
